Subject: RE: updates in dbase - recent additions

Here's what I have:

1008-18 – updated workflow today

1006-18 – DUA; in progress

1005-18 – amendment to 924-16, but I haven't worked on this.

999-17 – DUA; in progress

998-17 – DUA; in progress

997-17 – The SMU/Cox complicated one... Could I change workflow to "OARS to lab for revision"?

995-17 – WaterGen

985-17 – not pursued?

962-17 – DUA; in progress

931-16 – not pursued?

Subject: updates in dbase - recent additions

Can everyone take a look at the recent additions to the database – marked “form created” and input any updates we have on these agreements? There are about 7 of them that don’t have any additional information, and we need to figure out which ones have to go to OGC for review, which ones we are awaiting feedback on etc. thanks!
